#### About us

Wesceramics, Inc is a family business dedicated to the manufacture of high temperature ceramic pottery, metal garden ornaments and fiberglass containers. Our goal is to 100% satisfy the public quality standards to achieve their complete satisfaction. Our ceramic models and colors have been very successful due to their appearance of natural rocks.

Without skimping costs, we try to make our product durable for a long time and that people feel they made a great decision purchasing our products.

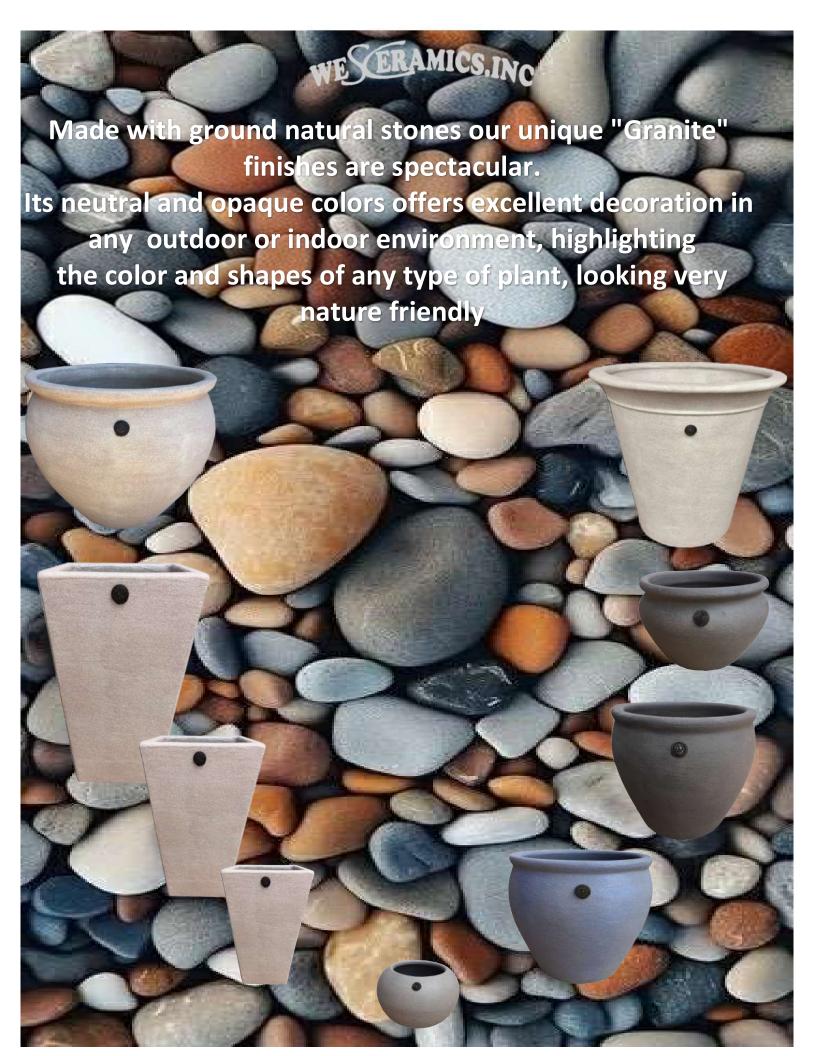

### **Our History:**

In 1995, Its founder, Wences Orozco Sr., after managing a company of campers shells creates the company Fiber Designs dedicated to the manufacture of various items such as parts for race cars, mannequins, bathroom sinks etc., when Gainey Ceramics asked him to design and produce fiberglass containers entering the world of pottery and learning and improving the quality standards that the company demanded.

Later in 1998 he was invited by the company Native Earth Products to associate and work as general manager for 12 years, learning the area of clay and ceramics.

At the beginning of 2010 he decides to separate from the company and proposes to the owners to buy the company

The first of January 2010 begins with the name of Wesceramics and with many difficulties due to the economic crisis of that time and without working capital, but with much effort from the family, mainly his wife Lourdes and his son Wences Orozco Jr, others collaborators and suppliers gradually managed to place their products in the American and Mexican markets.

#### ORDERS:

- Wesceramics, Inc only sells to established distributors; we do not sell to general

public.

- A sales confirmation will be sent upon down payment (in case of fiberglass

orders). All other orders the confirmation will be sent after review of the order.

- Customers must review all details of the order including color selection,

quantity, bill to and delivery address and request for drainage holes.

- The minimum order for ceramic and fiberglass is 1 pallet. If the order is less than

1 pallet there will be a surcharge added to the invoice due to the extra cost of

freight and packaging.

- Color selection in fiberglass orders. You can choose any color from the Sherwin

Williams website: sherwin-williams.com

 Fiberglass orders due to size and shape of planters may have different shipping charge. That information will be noted in the confirmation of your order.

#### WARRANTY:

- Wesceramics, Inc. stands by the quality of our ceramic, fiberglass and wrought iron products. Each planter holds a five (5) year warranty from time of acceptance of the product. We warrant the initial purchaser of our products that they are of quality material and workmanship, and are free of manufacturing defects. Each planter of the Granite Line in ceramics has a ten (10) year warranty from time of acceptance of the product.
- Manufactured ceramic pottery is subject to variation due to an inherent variability in raw materials and production processes. Glaze Colors like Moss, Cream, Cocoa and Café with unstable components in its formula may contain higher levels of variation.
- Tiny cracks in the paint are normal in ceramic work.

- Customer misuse including negligence, physical, or chemical abuse is not covered by this warranty. Cracks, excess of water, lack of drainage cancel the warranty.
- The paint in the fiberglass planters is not warrant after the planters are delivered.

#### MISSING OR DAMAGED ITEMS

- Inspect your shipment for signs of obvious damage upon arrival. You may refuse the shipment should you consider the damage severe. If you choose to accept the shipment from the carrier, please make a note on the BOL (bill of lading) of any damage to the merchandise or packaging. If the driver will not stay please note in the BOL that you were unable to check concealed damage.
- Damages with images must be reported in writing immediately to customer service at <a href="wesceramics@gmail.com">wesceramics@gmail.com</a>, or by phone (text message -Whats App ): (760) 840-7730) (760) 717-2520.
- Submit a completed Damage Report along with photos of the damage, the cartons and packing materials. If damages are not noted at the time of delivery, we will not have recourse with the shipper.

#### **CARING FOR YOUR PLANTERS**

#### CERAMICS POTTERY:

#### Regular Glaze Finish:

Clean the piece regularly with a cloth. If it is not cleaned regularly, minerals contained in the soil may appear that are more difficult to clean. Use some white vinegar diluted in water. WD-40 oil is very good for cleaning this type of stains. Some types of soil and water may contain excess of minerals and may require cleaning more consistently (as every 2 weeks).

Planters should never have excess water; let it leave the water without obstructing the drain hole. Do not use stones or heavy objects inside the pot. Excess weight can break the piece.

#### - Stone Finish:

Clean the piece regularly with a simple paint brush or plastic brush. Don't use cloth. The hose jet cleans them very well. This is a very resistant finish and does not require care. You can apply some water based sealer if you want a less opaque appearance.

Thank you for choosing our products and accepting to be our business partner!
