INTERNATIONAL, LLC

Edition 2025/2026

2452 Quakertown Rd, Suite 100
Pennsburg, PA 18073
www.campaniainternational.com

Tel: (215) 541-4627
Fax: (215) 541-4628

Dear Friends and Partners,

Like many of you, as we end one season and embark upon another, Peter and I take a moment to step back and reflect.

After this turbulent and fast-paced year, we find ourselves reflecting a little more than in the past (or perhaps we are just getting older) — a little more about our products, our people, our business partners; a little more about the challenges we faced and overcame; a little more about the goals we realized and the opportunities we missed; and most importantly, a great deal more about our customers.

In reflecting upon the many facets of our complex and challenging business, a common thread unites and informs them all: our passion and our purpose. It is this passion and purpose that gives us pride and satisfaction in what we do each day. We love walking around a city or driving through a residential neighborhood and spotting a Campania product. Inevitably, a photo is taken and a text is shared, often with the tag line, "Wow!" In fact, our families and friends grow tired of us pointing and shouting "Campania" every 25 steps while walking through New York, Charleston, Denver, or any place our travels may take us. Of course, the pride we have in seeing Campania products beautifully displayed throughout the country would not be possible without you. It is this enduring partnership with our customers which inspires and compels us to make beautiful Campania products and to continually strive for excellence in all aspects of our business. Without your support, encouragement, and of course, friendship, all of this would not be possible. Each new season brings us fresh opportunities to strengthen our partnerships and celebrate the artistry, craftsmanship, and innovation that define Campania. This year is no exception.

One of the most significant milestones realized at Campania over the past year is our new approach to our catalog and, correspondingly, the launch of our new website, www.campaniainternational.com. First the sad news; as we were approaching 1,000+ pages it was no longer an option to publish our full biennial catalog. Therefore, we decided to publish a product "lookbook" each year, which highlights our new introductions. Our full catalog can be viewed online at www.campaniainternational.com/pages/e-catalog. This approach gives us the opportunity to update our offerings throughout the year and, more practically, weight training is no longer a requirement for our customers and sales professionals!

Our new Campania website was designed to optimize user-interface and experience. This enhanced platform offers seamless access to our entire product portfolio of over 2,500 unique designs, making it easier than ever to explore, select, and place an order from anywhere and at any time of day or night. Our new website, which includes customer specific portals, is your personal gateway to the full breadth of Campania's offerings, complete with detailed specifications, CAD downloads, order tracking, and inspiring imagery. As always, our Campania team is at the ready for any assistance you may need in navigating the new site.

As you know, Campania's reputation is rooted in our commitment to authentic craftsmanship. Our Cast Stone Collection continues to be proudly designed and manufactured entirely in Pennsburg, Pennsylvania, where our dedicated artisans blend old-world traditions with American innovation to create pieces of lasting beauty. Simultaneously, our Vietnam facility stands as a testament to our global vision and passion for excellence. Drawing on Vietnam's rich heritage of ceramic artistry, our team produces the finest and most innovative glazed pottery to meet the evolving and exacting needs of our customers. This dual commitment — to American made cast stone and world-class Vietnamese ceramics — ensures that every Campania product embodies the highest standards of quality and design.

As always, Campania's core values guide every decision we make. We firmly believe in the beauty of authenticity, the pursuit of excellence in design, the promise of superior quality, and the delivery of unmatched service to every customer, every day. These principles are the foundation of our relationship with you and the inspiration behind every product we create.

Thank you for your continued trust and partnership. We look forward to another year of growth, creativity, and shared success.

Sincerely,

Glenn R. Appel
Chief Executive Officer

Peter C. Cilio
Vice President

CAMPANIA

*Cast Stone
Collection*

Cast Stone *Patinas*

Campania's cast stone products are available in a choice of fifteen (15) exclusive natural pigment stains in addition to natural cast stone. All of our patinas are hand applied in a multi-step process. This artisanal finishing techniques make every piece a uniquely beautiful original. Our patinas are designed to replicate the look of naturally aged materials and will not affect natural weathering.

Like wood stains, each piece will accept our patinas in varying degrees of intensity, creating natural color variations that will add character to every piece. Even when the same stain is applied with the same process, no two pieces will look exactly alike. This is due to the variance in the composition of the natural materials in the cast stone, as well as the varying ages of the pieces. It is this variability and broad range of tones, rather than uniformity, which give our stains their beauty and appeal.

Because each patina is hand applied and our products are photographed in natural settings, actual colors may vary from those depicted in the catalog. Please consult our catalog photos and our website for examples of variations in our patinas.

To reduce weight and for maneuverability, the fountain basins of Campania's Estate Fountains are made of our lightweight Limestone Lite® material. These lightweight basins are designed to be enclosed by a cast stone coping as shown in the details below. Because of the large size and weight of these fountains, we recommend professional installation.

SPLASH GUARDS

Campania is pleased to introduce a collection of cast stone and copper mesh splash guards which can be used in many of our fountains to reduce/eliminate splash. Manufactured at our facility in Pennsburg, Pennsylvania and available in various sizes and heights, the splash guards are designed to be used inside basins above the water level to diffuse splash. The natural concrete splash guards can be used as is or stained in a patina to match the fountain in which they are intended to be used. If desired and in order to achieve the proper height, Campania offers a series of risers sold in sets of three to be used in conjunction with the largest square and round splash guards.

1 Splash Guard, RW

CAMPANIA FOUNTAIN LED LIGHTS

- 12VAC.5W cool white LED lights
- Flexibility of Use: in or out of water
- Sold as a single unit light or set of 3
- 10 foot power cord
- 57 inches of cord between lights
- Additional LED lights can be purchased separately. See price list for details
- Up to 5 lights can be connected in series into one transformer
- Optional Dusk till Dawn sensor available. Sold separately.

Single LED Light Kit
LED-Kit1
Base: 2.25"W x 3"H

THREE LED Light Kit
LED-Kit3
Base: 2.25"W x 3"H

Campania's Dusk 'Til Dawn Light Sensor allows you to plug your fountain LED lights in and forget about them. The sensor will automatically turn your lights on when dusk falls and turn them off when the sun returns. Be sure to place the sensor somewhere near the fountain that will receive direct sunlight during the day as shadows can cause the sensor to activate. Just connect the male end of the sensor to the transformer and the female end of the sensor to the power cord and the sensor will take care of the rest.

- Cord length from transformer to sensor is 14.75"
- Sensor can be used with up to 5 lights per transformer

CAMPANIA DUSK 'TIL DAWN LIGHT SENSOR

CAMPANIA FOUNTAIN AUTO REFILL DEVICE

One of the most prevalent complaints about fountains is the daily maintenance requirement to refill fountains as a result of water loss due to splash or evaporation. Campania is proud to provide a solution for this issue - our fountain auto refill device. Easy to install, this device maintains a fountain's water level at a constant height allowing homeowners to keep fountains running without worry.

Our fountain auto refill kit includes everything a homeowner requires to quickly automate the fountain refilling process. The kit includes a float valve on a sturdy concrete base, a custom stopper for Campania fountains, clear tubing, a pressure relief garden hose or spigot connection, and detailed instructions.

The small fountain refill unit is placed in the lowest basin of a Campania fountain. The homeowner sets the device to the desired height. From there, the clear tube is inserted through the special fountain stopper and connected to a garden hose or spigot. The water is then turned on and the valve in the unit actuates when the water level drops below the set height. A simple and quick fix.

Two Stopper Sizes Available

#7 Stopper Fountain Auto Refill Device

Refill #7
3 lbs
6"L x 3"W x 5"H

#10 Stopper Fountain Auto Refill Device

Refill #10
3 lbs
6"L x 3"W x 5"H

Note: See pricelist for optional Refill Device Cover

CAMPANIA FOUNTAIN COVERS

- Prolongs the life of your fountain by protecting it through the winter
- One way breathable, lets trapped moisture out, but rain and dust can't come in
- Made of soft flexible Tyvek material and packaged in its own storage sack
- Does not contain Environmentally damaging poly-vinyl chloride (PVC)
- Locking drawstring for a more secure fit
- Four sizes to accommodate our variety of fountains
- Water resistant
- Only available in color shown

1 FTNCOV-SM Fountain Cover Small
2 lbs
28"W x 14"H
(accommodates fountains up to approximately 20"H)

2 FTNCOV-MED Fountain Cover Medium
3 lbs
52"W x 30"H
(accommodates fountains up to approximately 40"H)

3 FTNCOV-LG Fountain Cover Large
4 lbs
35"W x 32"H
(accommodates fountains up to approximately 35"W x 65"H)

4 FTNCOV-XLG Fountain Cover Extra Large
4.5 lbs
50"W x 32"H
(accommodates fountains up to approximately 55"W x 65"H)

*Note: To determine the proper size fountain cover for your fountain, please see our price list.
For specific instructions on how to winterize your Campania fountain,
see the Product Care and Information Section.*

MULTI-PURPOSE PLINTHS

Campania's multi purpose plinths are perfect for fountains, planters, statuary and birdbaths and can be custom stained in any of Campania's cast stone patinas. Available in sizes ranging from 13 to 31 inches, each plinth includes a hole and channel in the bottom for pump cord placement.
